

Castle VEXO H Vibration Meter

Vexo (GA2006H) Hand Arm Vibration Meter

The Concept

The measurement of Hand Arm Vibration has seen rapid developments since the first ground-breaking product from Castle (The famous GA2001 HARM Meter). The Vexo is the latest in cutting-edge developments by Castle in this field.

VEXO H (GA2006H)

Quick, reliable measurements are all-essential when it comes to the assessment of Hand Arm Vibration and the Vexo H has been specifically designed to make the job as simple as possible. The small size, combined with a powerful processor and large memory will enable Safety Professionals to take Hand Arm Vibration to the next level.

Couldn't be Simpler!

With a large colour screen and the support of VibdataPro PC software, the Vexo H requires virtually no set-up so power it on, press record and that's it!

Just about everything from here is available to view directly on the screen without the need for scrolling and data can be reviewed directly to the screen.

Connectivity

All measured values can be saved to the internal flash memory of the Vexo H for subsequent output. The results can be viewed on the instrument's own display or downloaded to Castle's VibdataPro PC software via a high speed USB connection. Software Vibdata LITE is included with each instrument!

POCKET POWER

Miniaturised Power!

The memory built into the Vexo H is large enough to never have to worry about and will store measured results safely using flash technology. Results can be recalled to the screen or can be downloaded for analysis on a laptop or PC using Vibdata LITE or Pro.

Each instrument is supplied with a comprehensive user manual in electronic format and a laminated getting started sheet.

The Vexo Range

There are 2 models in the Vexo range; the Vexo H as detailed here and the Vexo S, which is a dedicated Industrial and Environmental Vibration meter, with the distinct benefit of small size and powerful measurement capability.

Both these meters make full use of their large colour display to ensure the simplest of user interfaces and clearest presentation of results no matter the application.

Vexo H (GA2006H) - Hand Arm Vibration

- Tri-axial Hand Arm vibration Measurements
- Large Dynamic Range
- Re-chargeable Battery Pack & Charger
- Fully compliant with ISO 8041 : 2005
- Large Colour Display
- Large 'Flash' memory
- Rugged Accelerometer and Cable for industry
- Only 3 operational buttons for simple use

Applications

- Hand Arm Vibration to ISO 5349 : 2001

What's Supplied with the Vexo (GA2006H)

- Vexo H Instrument, Accelerometer with 1.4m Cable
- Accelerometer Mounting Block and Screw
- Rechargeable Battery Pack and Recharger
- Getting Started Laminated Sheet
- Vibdata LITE software & USB Cable
- Carry Case for GA2006H and Accessories

VEXO (GA2006H) Specification

Instrument Standards:

GA2006H

ISO 8041 : 2005 Human Response to Vibration

For compliance with:

ISO 5349 : 2001 Measurement and evaluation of human exposure to hand-transmitted vibration

Level Ranges: GA2006H (Integration = Acceleration)

Range	m/s ²	g
Low	0.05 - 200.0	0.005 - 20.4
High	0.50 - 2000.0	0.50 - 204.0

Measurement Channels:

One

Parameters:

Acceleration: Arms, Aeq, Amax, Peak, Vector Sum, Exposure Points

Linear Operating range:

72 dB

Frequency Weighting:

W_H - Hand Arm Filter

Memory:

Flash memory storing up to 992 recordings

Transducer:

Castle KD1010, 10mV/g

Noise Floor:

<0.002 m/s² Low Range
<0.020 m/s² High Range

Display:

Full Colour Graphic OLED Display (160 x 128)

Batteries:

NiMH re-chargeable cell pack
Typically 10 hours continuous use

Connections:

Input: 5 Pin Lemo Socket
AC Output: 4 Pole 3.5mm Jack Socket
Download: USB Micro B (Cable Supplied)
Recharge: DC Socket (Charger & Cable Supplied)

Environmental:

Temperature Operating Range: -10 to + 50°C
Humidity: Up to 90% RH Non Condensing

Electromagnetic Compatibility:

Designed in accordance with the following
Electromagnetic Compatibility Directives: -

- SI 2005/281
- 2004/108/EC

Case:

High Impact ABS plastic with tactile membrane keypad

ORDERING INFORMATION

GA2006H* - Vexo H Vibration Meter

Accessories

PC009** - VibdataPro software
GA606 - Vibration Calibrator
KA021* - Carry Case
KD1010* - Tri-Axial Accelerometer 10mV/g
KD1202 - Mounting Studs (Pack of 5)
KD1215 - Glue Studs & Glue (Pack of 5)
KD1217 - Petrowax Mounting Compound
01KD1218* - Mounting Block and Screw
01VIBBATT* - 2.4V 2100mAh NiMH Battery Pack
01PSU5* - NiMH Battery Pack Recharger
01ZL1065-01 - AC Output Cable 1m
01ZL1108-01* - USB Cable 1m

* supplied with the GA2006H

** upgrade from supplied Vibdata LITE

To the Safety, Health and Environment Professional...

The issues faced every day by Health, Safety and Environmental professionals are vast and varied. At Castle, we have spent a lot of time developing products and services to make your life easier!

Castle Group Ltd are one of the leading international group specialists in technical safety, health and environment solutions. Whether you are in Industry, Construction, Local Authority or anywhere there are safety or environment issues, we are a resource you really could use. We can help with Noise, Vibration, Air sampling, Gas detection, Light and temperature and just about anything else that needs measuring. The following services show you how we can help

FREE Health & Safety Training Seminars!

To get you off the ground, refresh your knowledge or just to get a taste, Castle is continually running FREE Safety, Health and Environmental seminars around the country. Covering subjects from Noise at Work, to COSHH and Audiometry, the list is ever growing, as are the locations. Check out our web site for the next seminar near you.

www.castlegroup.co.uk

Castle Instruments

Dealing with many Safety, Health and Environmental issues may well mean you need access to a plethora of **equipment** and **instrumentation** to carry out measurements and assessments necessary for the job.

At Castle we can provide you with just about any of the equipment you might need. All our equipment comes with the **guarantee** of back-up and support you only get from a company with 40 years under its belt! Here are a few of the core products we can offer, but we can also source anything you may need!

- Noise and Vibration Measurement Equipment
- Audiometers, Otoscopes and Booths
- Air-Sampling Pumps, Calibrators and Consumables
- Gas-Detection and Personal Monitors
- Emissions and Air Quality
- Light, Temperature, Humidity and Airflow
- PAT Testing Equipment
- Visual Inspection

Castle Training Academy

Training is becoming an ever more important area of consideration to industry **professionals** and the Castle Training Academy is fulfilling the need for more and more companies every year. The Academy now offers **competence** training along with IOSH and CIEH **qualifications**. What is more, look out for our NEW City & Guilds provision. All courses come with professional **CPD** points and many are eligible for CITB and Train to Gain **grant funding**.

You can see a full list of courses and book-online on our website.

www.castletrainingacademy.com.

CastleRent

There are a number of **reasons** why rental may be the solution for you. You may only have a one-off use, a special contract, a limited budget or a need for supplementary products. In any case, our **flexible booking** system, next day a.m. delivery and open-pricing mean that you can address any of these issues without delay. For long-term contracts, such as construction projects, Castle Rent is also a **tax efficient** way to 'own' equipment. Finally, for peace of mind, what better way is there to try a product before deciding to buy it? We even give you money back if you do purchase!

The Advantages of Castle Rent;

- Easier on cash-flow
- Rent for long- or short-term as you need it
- Let the Tax Man pay for you!
- Try before you buy
- Four weeks for the price of three
- No on-going maintenance costs
- Sourcing service for any other equipment you need

www.castle-rent.com

Castle Care

Measurement instrumentation must be **regularly** calibrated to a traceable standard and this is certainly true for most health, Safety and Environmental monitoring equipment. At Castle, our team of **highly trained and experienced** technical staff can service and calibrate almost any type of monitoring equipment from Noise and Vibration meters to Thermometers and Scales. The Castle '**Premier Service**' includes menu pricing and a normal turnaround time within 5 days. What is more, we will evaluate any instrument and return it for **FREE** if you do not want to proceed.

Castle premier service and calibration offers...

- Free Evaluation Service
- Clear and Simple Pricing
- UKAS Accreditation Available
- Large range of equipment calibrated
- 4 Levels of calibration available for most equipment
- Annual contract calibrations with up to 20% off

www.castle-care.com

Castle Contracts

For companies with **multiple** pieces of **equipment**, there is also Castle's 'Contract Calibrations'; an annual scheme to take the hassle out of maintaining equipment certification. Castle will issue calibration **reminders**, collect your equipment if required and return it calibrated as soon as possible. This scheme also affords a **saving** of up to 20% on annual calibration charges.

www.castle-care.com

Castle Consultancy

Castle **experts** are waiting to help you. Because we have a **network** of consultants across the country, we are poised to **react** to your requirement. Not only can we normally provide a local service, but we can usually help right away if you need us to!

Whether you are limited for time, in need of further **expertise** or just want some **advice**, we can assist. We have provided a wide range of services to many top companies for projects large and small.

Here are some of the services we can provide, but if it's not here, just ask!

- Noise or Vibration risk assessments
- Building Acoustics
- COSHH compliance
- Environmental Impact Assessments
- Air Quality Monitoring
- Occupational Health Screening programmes

www.castle-consultancy.com

Castle Online

You can access all our products and services online whenever you want, just go to www.castlegroup.co.uk and you will find a **knowledgebase** packed full of useful facts and information. You will also find details of all our upcoming **FREE seminars** and training courses as well as product information on literally hundreds of health, safety and environmental items, which are available to purchase directly through a secure server. Among other things you will find:

- HS&E Measurement Products
- Books, Standards and Publications
- HS&E CD's DVD's
- Stopwatches and Timers
- Scales and Distance Measurement
- Water Testers

You will also find our shop on ebay of all places - <http://stores.ebay.co.uk/Castle-Group-Safety> or just go onto ebay and type Castle Group Safety in the shops section.

Who are Castle

For 40 years, Castle has been driving forward with product and service innovation. For a number of the early years, the company focussed on the development of sound and vibration measuring equipment. This was then progressed by adding training courses, rental and consultancy eventually leading to the Castle of today, which is helping many customers deal with a vast range of health, safety and environmental issues in a variety of ways. The future is a very exciting place at Castle and we are working on many new initiatives with our customers firmly in mind!
